

Who We Are

Mission

GFWC Azalea City Woman's Club (ACWC) shall strengthen our local, state, national, and world community through the programs of Arts and Culture, Environment, Education and Libraries, Health and Wellness, and Civic Engagement and Outreach to make a better place for all people.

While the ACWC is a small group of women, by working together we are a collective force for positive change in and around the Valdosta – Lowndes County area and beyond.

Join Our Club!

By joining our club, you will have the opportunity to work with like-minded women to improve our community's social, cultural, and physical needs. Other benefits include leadership opportunities, personal growth, networking, lasting friendships, and becoming a better citizen.

Community Service Programs

Clubwomen are encouraged to select a “Program of Work” wherein their interests lie. Our Community Service Programs (CSP) create a focus for our activities and resources. **There is something for everyone!**

Arts & Culture

Art education improves problem-solving and critical thinking skills, builds focus and perseverance, and nurtures creativity, confidence, and collaboration. Cultural awareness promotes effective communication and profoundly increases the ability to appreciate and enjoy a variety of new people and experiences.

Environment

We encourage becoming stewards of the earth by working to preserve the world's resources, protect wildlife and domesticated animals, live sustainably, beautify our communities and enjoy nature.

Education & Libraries

The program promotes education in both children and adults. We aim to help others, while we also continue to learn. Projects are designed to foster schools, promote literacy, libraries, the love of a good book, and other educational institutions and opportunities. Through these efforts, we encourage the growth of individuals and communities at home and around work.

Health & Wellness

The human body, mind, and spirit comprise our health and wellness. To improve our well-being, we must address three key components of nutrition, disease prevention, and physical and emotional care. This program aims to explore various opportunities for awareness and advancement in each of these areas.

Civic Engagement & Outreach

Each of us is a part of a larger society and is responsible for undertaking actions that will create a better quality of life and foster a sense of community – locally regionally, nationally, and globally. This effort's four “broad strokes” include Citizenship; Crime Prevention, Safety, and Disaster Preparedness; the Needy, Hungry, and Homeless; and Our Military Personnel and Veterans.

Signature Program - Domestic Violence & Sexual Assault Awareness & Prevention

Our mission is to increase awareness of and help prevent the widespread occurrence of domestic/sexual abuse and violence against women of all ages in our communities. We do this by working with various established organizations and programs, supporting their existing activities, and initiating educational opportunities for club members and local citizens about the complex issues surrounding domestic/sexual abuse and violence.
